“Annual Cherry Pie Bake-Off for Arthritis”

The Arthritis and Osteoporosis Center of Maryland will be hosting their annual Cherry Pie Bake-Off on Wednesday, February 14, 2007. Pies baked by patients of the Arthritis and Osteoporosis Center of Maryland will be judged by a panel of local celebrities. In attendance will be Ed Rodriguez from the Key 103.1 hometown morning show, Hugh Breslin and Kathleen Lucas from NBC 25, Frank Murtaugh from Wide Open MRI, and Allen Imhoff, City of Frederick Alderman, who are our honored tasters and judges. The winner will receive the honor of getting the opportunity to throw a pie in Dr. Wei’s face. This event is highly anticipated by patients and community each year.

Dr. Wei says, “We have some great celebrity judges, as well as, some highly recognized bakers. Many of our patients are great cooks and fantastic bakers. We look forward to a great afternoon of fun... although I admit I’m not really looking forward to getting my “just desserts.”

The event is FREE for anyone interested. Please contact Michelle Grimm at 301-624-1164 if you would for more details.
